**Research and Development – Project Management.**

*PhD in Mechanical Engineering  
Work both in Europe and North Africa (Maghreb)*

Didier PEBORDE  
+33 (0)6 23 07 77 40

[didier.peborde@tacsas.com](mailto:didier.peborde@tacsas.com)

**Purchasing, Quality and Supply Chain Management (Logistics)**

*Electronics engineer  
Specialist of SMEs / SMI*

## Specific Tools & Modules

- Total Quality Management System,
- Strategic Analysis, Innovation
- SWOT, 5S, Risks Management...
- Global Market Analysis, benchmarking
- Good Knowledge of uses and practices of international trading (Europe, North Africa, Iran, India and USA)

## Six working languages

French, English, Italian, Spanish, Portuguese, Arabic

## Our commitments

- To work in total privacy and confidentiality with our customers
- To respect our customers rules
- To raise all our skills and know-how
- To support our customers actions and plannings
- To provide benefits to our customers from a continuous technology watch process

## Special skills & know-how

- Foundry , mechanics
- Vibrations / Acoustics,
- Traceability , Accident Analysis,
- REACH, etc

## Operational across the entire value chain

- Strategy deployment,
- Supply chain optimization,
- Innovation deployment
- Alliances of SMEs
- etc.

## A collective approach

- A cluster of experts acting in a teamwork and managed by an experienced project leader
